SEVEN SEES

INTRODUCTION

— — —

"SEVEN SEES"
is not a
"Seven Seas" sea story.

It is an overview of a worldview.

Many people do not have a reasonable purpose of life. If they do have one, perhaps, they could have a better one.

This is a reflection of God, also known as (aka), the Supreme Being, the Creator, which is the Source of our lives, Being the Connection with healthy, holy, wholesome relationships, the One is the Giver of All Life, the Higher Power or even another title: the HIGHEST POWER.

In any event, we are being in a valley of tears in our imperfect world, which is in its "original sin."

There are different meditations beyond the "Seven Sees" section.

Yet *try* here:

See seven pages for an overview of a worldview.

It is in reality,
with common sense
in sometimes in a gentle "generic" way for
[atheists](#) to [zombies](#)!

— — —

Try to be
through, with, in,
the unity of
THE HIGHEST POWER.

— — —

HUMANITY is in SEARCH of MEANING.

The **seven seas** has both the beauty and the beast.
The **seven sees** an overview of worldview of the beauty.

I beseech you, my good God, to be my life, my ship, and my harbor.
- Padre Pio

"After a dangerous voyage, at last I am in sight of the port I have been trying to get to for so long. I shall now be able to enjoy my God ... and I shall be freed from a heavy load which I just can't bear."
- Louis of Anjou, on his deathbed

ALL LIVES MATTER

All exact answers are not from scientific direct observations of ethnicity estimates. Read Y-chromosomal Adam, the Mitochondrial Eve, and for *Humani Generis* (36, 37). Perhaps, the Creator will give us all the answers!

The Vine by Robin Joyce Miller

**As we offer to the Creator
fruit of the vine and work of human hands,
it will become humanity's spiritual drink.**

**Have hope,
an anchor
of the soul,
set and secure.**
